

AI PROTOCOL (Anti-Inoculation)

WORLD HEALTH AND LIFE COALITION

GENERAL RECOMMENDATIONS

- **Alcaline Diet**

- Avoid: flour based food, sugar and dairy; red meats if possible.
- Increase water intake.

- **Grounding** or “Earthing”

- At least 3 times a week (walking barefoot on nature such as grass, sand, even mud).

- **Electrical Pollution Hygiene**

- Avoid being near electronic devices such as 4G-5G antennas, Wi-Fi, etc...

PRE INOCULATION

- **Rich Diet in Fruits and Vegetables**
 - Start 48 hrs prior to jab.
- **CDS F2o Protocol**
 - 1 hour prior to inoculation.
- **Zeolite (Food Grade)**
 - Ideally 1 week prior injection.

F2O PROTOCOL

STEP 1
Add 20ml of CDS at 3000ppm in a glass or plastic bottle.

STEP 2
Add 750ml of drinking water.

STEP 3

- Mark the bottle in 8 parts.
- Drink one part of the mix (or doses) every 15 mins.
- All doses will finish in 2 hours.

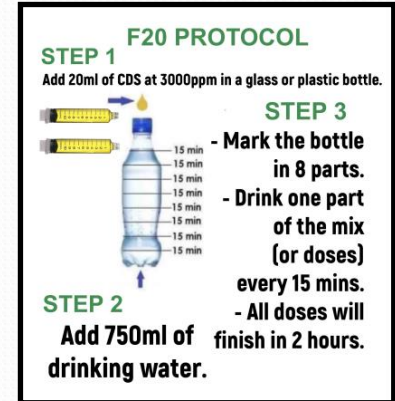

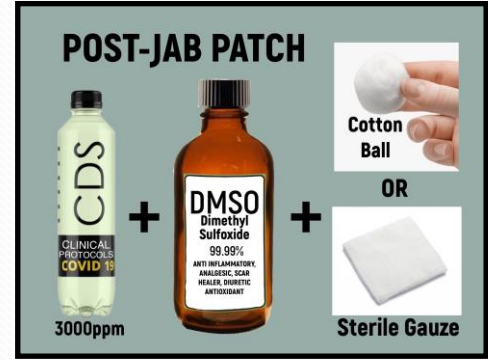

PRE-INOCULATION (1 WEEK)		
	Sprays	Mg
Spray Liquid Zeolite	2 sprays 3 times per day	30+
	Dropper	Mg
Dropper Liquid Zeolite	1 drop 4 times per day	30
	Reference Unit of Measure	Gr
Micronized Zeolite	1/2 of a teaspoon 1 per day	3
Zeolite Capsules	2 capsules 3 times per day	3

POST INOCULATION

(Perform no later than 30 minutes after the jab)

- **DS Protocol (Dermatologic in Spray)**
 - Disinfect the area with CDS in spray (1/3 of CDS at 3000ppm + 2/3 saline solution or purified water)
- **CDS + DMSO Patch (for the injected area)**
 - Mix 7ml of CDS + 3ml of DMSO at 70% (cotton ball or sterile gauze) for 15-20 minutes.
- **Local Heat** (seed bag, hand warmer, heat cushion)
 - 15-20 minutes every 2-3 hours throughout the day.
- **CDS F2o Protocol**
 - 2 F2o Protocols Post Inoculation (Distribute throughout the day between the jab and bedtime).

DAILY MAINTENANCE (3-6 months)

- **Seawater** (food grade) one time on an empty stomach.
 - 50 ml seawater + 50 ml drinking water (30 days)
 - THERE AFTER
 - 25ml seawater + 75 ml drinking water (60 días)
- **Zinc 50mg + Vitamin D₃ 2000 ui** (with breakfast).
- **CDS 1 C20** (100ml 10 times throughout the day).
- **Zeolite** (food grade, see table).
- **Melatonin 3mg** at bedtime.

CDS C20

20ml CDS + 1L water
1 doses every hour

POST-INOCULATION (3-6 MONTHS)		
	Sprays	Mg
Spray Liquid Zeolite	4 sprays 3 times per day	90+
	Dropper	Mg
Dropper Liquid Zeolite	4 drops 3 times per day	90
	Reference Unit of Measure	Gr
Micronized Zeolite	1/3 of a tablespoon 3 times per day	6
Zeolite Capsules	3 capsules 3 times per day	6

ADDITIONAL THERAPIES

- **CDS Enema (Protocolo E)**
E20 20 ml CDS in 500ml water (twice a week).

- **Foot-baths with CDS and seawater.**
20 ml CDS + 180ml water.
(Ideally seawater but drinking water can be used).
Daily for 7 days.

- **Purilanb (Marine Electrolytes)**
 - **Pre-Inoculation:**
 - 3 sublingual drops (1hr before).
 - **Post-Inoculation:**
 - 3 sublingual drops before bedtime.
 - **Daily maintenance (3-6 months):**
 - 2 sublingual drops a.m. & p.m.

- **Energy Therapies**
- **Pranic Healing** among others...

THESE ARE SUGGESTIONS THAT WILL ACCELERATE THE HEALING PROCESS.
